

BARIATRIC PATIENT TRANSPORT

HEAVY DUTY TRANSPORT STRETCHER

The Gendron Heavy Duty Transport Stretcher is designed for treatment and transport of larger patients. Proudly made in the USA, this Heavy Duty Stretcher offers a weight capacity of 1,000 lbs evenly distributed. Gendron stretchers are designed with features that provide effortless and reliable patient handling.

Features

- Hydraulic Fowler backrest adjusts from 0-80°
- Steel powder-coat painted construction
- Two-position vertical side rails
- Heavy duty 8" casters with steer and brake functions
- 4" high-density pad with nylon cover
- Four IV sockets — one at each corner of stretcher
